FIREWORKS DISPLAY CHECKLIST

Date of show: _____

Before Show:

- Application/permit must be submitted at least 15 days prior to display, including site plan (hand drawn sketches are acceptable) and shell inventory. **(RIFC 1.65.2.3.1.4) (NFPA 1123 and 1124)**
- Application must include items listed in RIFC 1.65.2.3.1.3
- Verify that the applicant's certificate of competency and insurance coverage is current as determined by the Office of the State Fire Marshal. **(RIGL 23-28.11-3(c) & (d))**
- Pre-show site inspection **(RIFC 1.65.2.3.1.4)**
- Arrange firefighter detail **(RIFC 1.65.2.3.4.2)**

Date of Show:

- Determine weather and wind conditions (<20 mph) prior to display. **(RIFC 1.65.2.3.4.2)**
- Verify that the shooter is the same person that drew the permit via their Office issued license.
- Verify that the vehicle has U.S. DOT numbering to transport hazardous materials, is properly placarded and has fire extinguishers **(NFPA 495; 8.2.5)**
- Verify the distance from the firing racks to the audience according to their site plan.
- Ensure that a secure area is established while loading and unloading product **(RIFC 1.65.2.3.4.2)**

Post Show:

- Perform post fireworks display checklist (NFPA 1123 8.2.12)
